Continuation Sheet (PTOL-303)

The proposed amendments filed after a final rejection will not be entered because they raise new issues that require further consideration and search. Limitations of independent claim 1 that have been amended now state: *An information transmission system for a tire pressure measuring system of a motor vehicle having a vehicle body and tires, wherein said transmitter coupling element does not contact said conductor element.* Further consideration and search is required.

New claim 22 will also not be entered because further search and consideration is required.
